

# What is EVIDENCE-BASED EVALUATION?

---

Evidence-based evaluation (EBE) refers to a process of planning and implementing evaluations which integrates available external evidence, professional expertise and stakeholder values, preferences and circumstances.

**INDEED**

This project has received funding by the European Union's Horizon 2020 research and innovation programme H2020-SU-SEC-2020 under grant agreement no 101021701

# What is EVIDENCE-BASED PRACTICE?

---

Evidence-based practice refers to a decision-making process which integrates:

- 1) available external evidence,
- 2) professional expertise and
- 3) client values, preferences and circumstances.

**INDEED**

This project has received funding by the European Union's Horizon 2020 research and innovation programme H2020-SU-SEC-2020 under grant agreement no 101021701

# What are KEY CHALLENGES to the IMPLEMENTATION OF EVIDENCE-BASED PRACTICE?

---

Key challenges to the implementation of evidence-based practice (EBP) include:

- 1) the often-low quality and relevance of existing evidence,
- 2) the poor dissemination and formatting of evidence,
- 3) a lack of EBP trainings and education and
- 4) a non-conducive workplace and political environment.

**INDEED**

This project has received funding by the European Union's Horizon 2020 research and innovation programme H2020-SU-SEC-2020 under grant agreement no 101021701

# What is an EVIDENCE-BASED INITIATIVE?

---

An evidence-based initiative (EBI) refers to an initiative whose efficacy is supported by strong research evidence.

**INDEED**

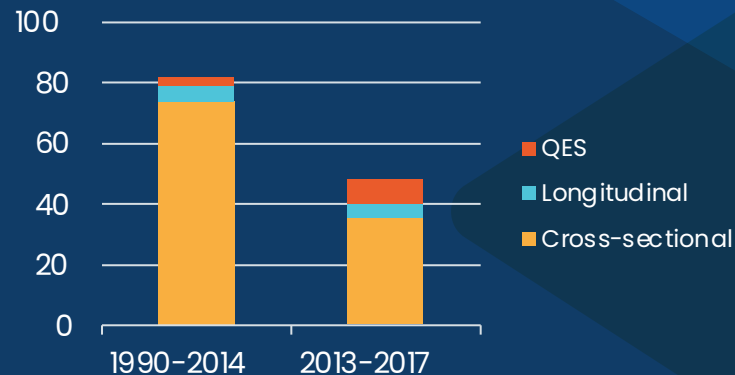

This project has received funding by the European Union's Horizon 2020 research and innovation programme H2020-SU-SEC-2020 under grant agreement no 101021701

# Which EVALUATION DESIGNS are MOST COMMONLY USED in PVE/CVE AND DE-RADICALISATION?

An evidence-based initiative (EBI) refers to an initiative whose efficacy is supported by strong research evidence.

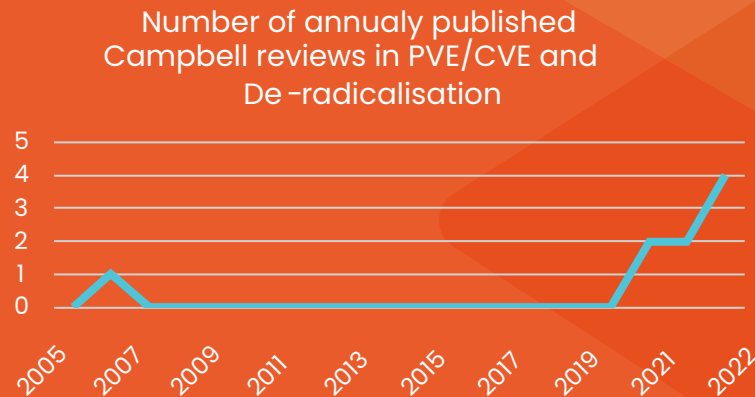

**INDEED**

This project has received funding by the European Union's Horizon 2020 research and innovation programme H2020-SU-SEC-2020 under grant agreement no 101021701

# How has the AVAILABILITY OF SYSTEMATIC REVIEWS EVOLVED in the field of PVE/CVE/DE-RADICALISATION?

The number of available systematic reviews published by the Campbell Collaboration in the field of PVE/CVE and De-radicalisation has increased significantly from just one in 2019 to nine in 2022.

**INDEED**

This project has received funding by the European Union's Horizon 2020 research and innovation programme H2020-SU-SEC-2020 under grant agreement no 101021701
